## WEST PARK INSURANCE AND RISK MANAGEMENT TAKES PROACTIVE MEASURES TO COMBAT RECENT SEVERE CONDITIONS IN THE MARKETPLACE

### MARCH 11, 2002—ALLENTOWN, PENNSYLVANIA

Recent severe conditions in the current state of Pennsylvania for medical malpractice insurance have prompted West Park Insurance and Risk Management to actively pursue solutions for physicians and physician groups in obtaining professional liability insurance. With the medical industry's limited number of options for medical malpractice insurance, West Park Insurance and Risk Management has maintained contracts with financially stable carriers committed to the state of Pennsylvania. The principals of West Park Insurance and Risk Management have over 20 years of combined experience in the placing of medical malpractice insurance for physicians and physician groups.

A full service insurance broker, West Park Insurance and Risk Management represents a number of carriers with specific capabilities and manages the marketing, placement, financing, billing, policy issuance, loss prevention and claims services. Headquartered in Allentown, Pennsylvania, our wide array of corporate insurances include general liability, property insurance, worker's compensation, employment related practices insurance, automotive liability, umbrella and excess liability, director's/officer's insurance, product liability, fiduciary liability, professional liability, bonding and pollution liability. For more information on West Park Insurance and Risk Management's products and services, please contact our office at 610.821.8737.
